## VILLAGE PROJECTS UPDATES!

### High Street Project

- The project was bid out by ODOT in February and Barrett Paving was selected to complete the project. All plans, approvals, and funding have been put in place for the project.
- The work will have 3 phases, and generally is scheduled to start in April and last until November.
- The Village will be in contact with the selected contractor and will schedule meetings with businesses in the Village to assure that everyone has as much information about the project as can be shared.

### Schoolhouse Park Project

- The Village will be working on two design agreements for the Park, one for the site work, and one for the design of the splashpad, restrooms and pavilions.
- The Village continues to work on additional funding opportunities and will share additional great news once it is made public.
- The Village applied for a LWCF grant in November and will find out if we were fortunate enough to receive the funding in Spring 2022. This funding will allow additional amenities to be constructed in 2022, if the funding is obtained.
- Groundbreaking for the park is tentatively scheduled for April.
- Old Rudy Elevator Property: The Village is working on having this property demolished and will update when funding is in place for its demolition, hopefully in March.
